

# RGU-10B

Electronic earth leakage  
**protection** and **monitoring** relay

“Intellectuals solve problems,  
geniuses prevent them”

Albert Einstein

Type AC

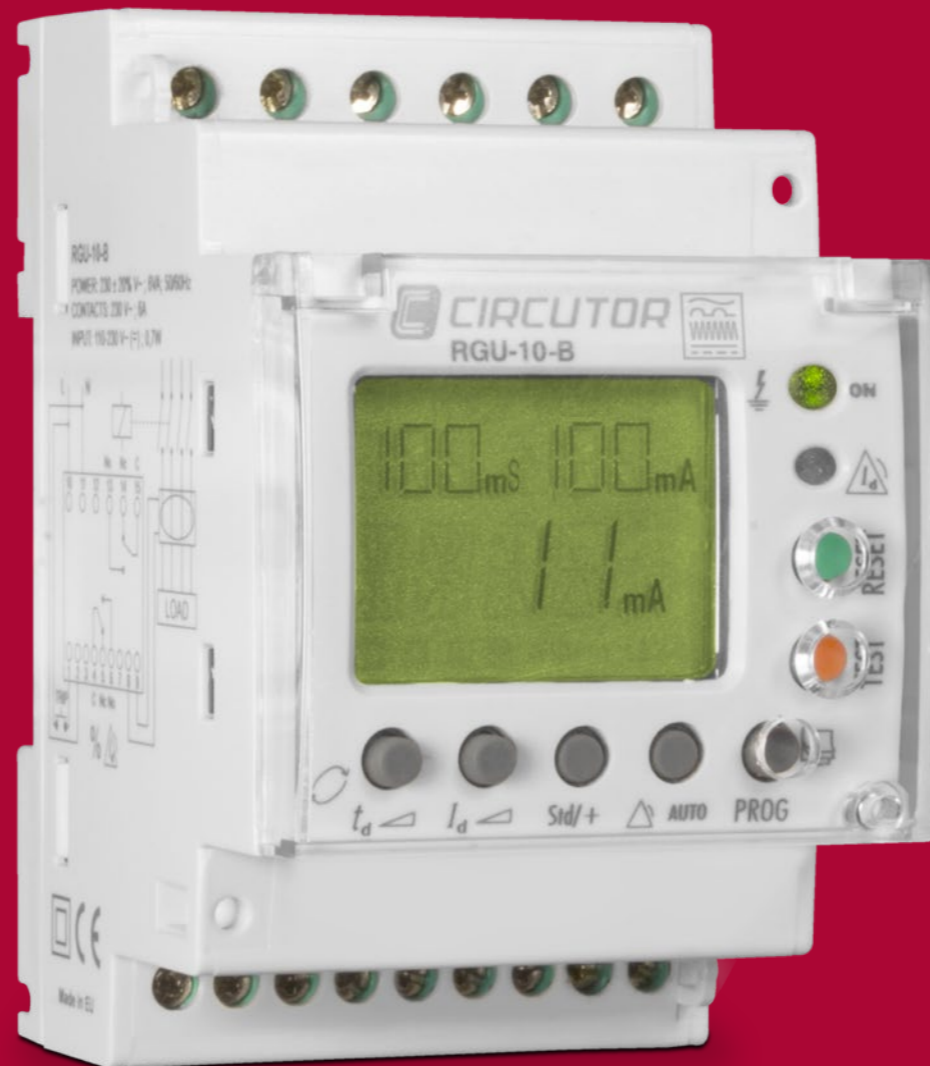

Type A

Type B

Full protection and monitoring within your reach

# Versatile

Versatile

Universal

# WGC-TB

Full range of  
earth leakage  
transformers

# RGU-10B

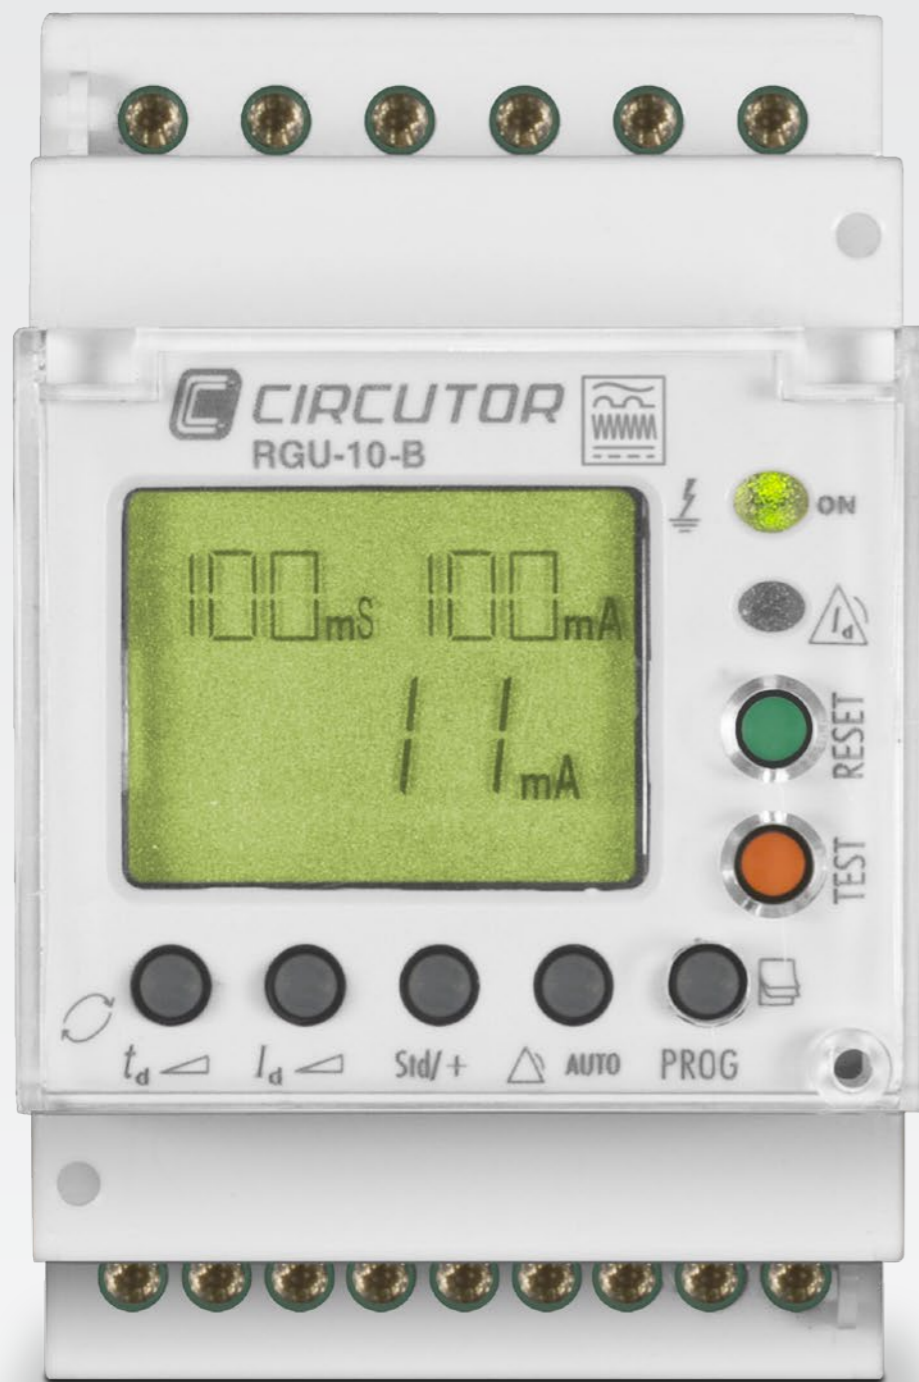

Universal earth leakage current protection and monitoring (type B)

Preventive control

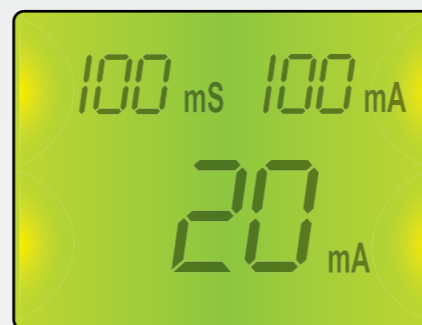

Easy leakage diagnostics

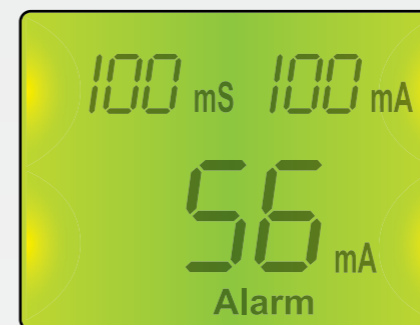

# RGU-10B

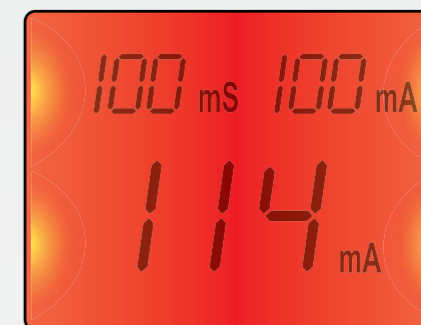

Quick event diagnostics

CORRECT

PRE-ALARM

ALARM

# Photovoltaic Applications

Controls the installation with no interruptions

Guarantees the generation of electrical energy

Optimises the maintenance costs

# Electric vehicle charging

Anticipates possible problems

Helps achieve and improve the permanent control of the installation

Prevents possible economic losses

# Offices

Prevents large information losses (UPS)

Guarantees the continuity of safety systems

Helps detect the problem

# Speed drives

Eliminates production losses

Reduces maintenance costs

Guarantees the continuity of the electrical service

# Full Protection and Monitoring

*Technology for energy efficiency*
