

eManager Pro GPRS ACTIO 80

eManager Pro GPRS ACTIO 80, ARM controller

Code: D301100030000

> Memory: 512 MB | 8 GB eMMC
> Módules: 6
> Communications: RS232/485 | Ethernet | Wi-Fi | GPRS
> N° relays: 8 (2 A)
> Power supply: 85 ... 264 V~
> CPU: ARM Cortex A7 800 MHz

Description

eManager ActIO is the range of IoT industrial controllers with different combinations of digital inputs, analogue inputs and relays. eManager ActIO centralises datalogging, communications, industrial protocol integration, signals and actuators. All in one.
All eManager input & output modules have their own microprocessor so you can perform real-time operations without relying on the main Linux CPU. In addition, you can control each relay, digital & analogue input in an agile and intuitive way with our customised Node-RED nodes.
