

RBX-20-480-60Hz-7%

RBX-20-480-60Hz-7%

Code: P721250017000

- > Reactor
- > L(mH): 2,29
- > For capacitor: CLZ-FP-52/22,5-60Hz-HD
- > Frequency (Hz): 60
- > kvar (480 V): 20

Specifications

AC power supply

Frequency 60 Hz

Electrical characteristic

Overtoltage factor (p %) 7 % (227 Hz)

Environmental characteristics

Thermal Class class F (+155 °C) On request: class H (+180 °C)

Protection class IP 00

Ambient temperature -10 ... +45 °C

Electrical characteristics

Linearity (5% L) 1,8 x I_n

Maximum transient current 2 I_n (1 min)

Voltage 480 V, on request: up to 1000 V

Tolerance L ± 5 %

L value (mH) 2.29

Insulation voltage, circuit 4 kV

Mechanical characteristics

Envelope Conductor type: Aluminium strip / copper cable

Current measurement circuit

Allowable overload 1,17 x I_n

Permanent overload 1,17 x I_n

Standards

Standards UNE-EN 60289, IEC 60076

Protection

Circuit breaker type 90°C NC thermostat
