

Loc

Loc, CIRWATT optical reader (RS-232 serial port),

Code: Q30301.

Description

The LOC universal optical reader is a vital metering and programming element for CIRWATT meters.

Application

The optical reader is a two-directional infrared interface with galvanic insulation. When connected to the serial port or USB of a PC, it allows the communications with meters or any other device, in compliance with the **IEC 1107 international Standard**. The reader does not require an external power supply, obtaining the energy required for the communications through the PC.

Loc

Optical reader for CIRWATT

Code: Q30301.
