

## SWM96 2000/5A 800kW

SWM96 2000/5A 800kW, Escala intermutável para wattímetro monofásico WMC 96

Código: M130JS. [CONSULTAR DISPONIBILIDAD](#)

- > Sistema: Monofásico
- > Intervalo de Medida (A): 2000/5
- > Escala completa: 800 kW
- > Equipamento: WM96
- > Módulos: 96x96

## Especificações

### Características mecânicas

|                                   |                  |
|-----------------------------------|------------------|
| Tamanho (mm) larg. x alt. x prof. | 84 x 84 x 1 (mm) |
| Peso (kg)                         | 0,008            |

### SWM/SWT

Escala intermutável para wattímetro WMC/WTC

| CÓDIGO  | MODELO                | Intervalo de Medida (A) | Módulos | Equipamento | Escala completa |
|---------|-----------------------|-------------------------|---------|-------------|-----------------|
| M130J9. | SWM96 50/5A 20kW      | 50/5                    | 96x96   | WM96        | 20 kW           |
| M130JE. | SWM96 150/5A 60kW     | 150/5                   | 96x96   | WM96        | 60 kW           |
